

Re: 2019 Membership Renewal

Dear Member:

Your IASA membership is the key to accessing IASA's high quality educational programs and events, executive programs, local chapter events, CPE credits, online resources, and so much more. It all starts with your membership renewal.

In 2019, we are Elevating IASA to new heights. Our Annual Educational Conference and Business show will be more about you and less about us. We are kicking off the conference with the Opening Keynote on Sunday afternoon. Our popular Conversations of 4 are going mainstream across the education program so that everyone has a chance to participate. Come see firsthand the latest technology innovations at the highly attended IASA Tech Tank and InsurTech Pavilion. And don't miss the many networking venues and opportunities throughout the event, especially at our Tuesday night Street Party and with the Brella networking app. Mark your calendars and join us June 2-5 in Phoenix, AZ.

Please renew your membership now. Renewal dues are \$850 per company, per location. IASA also offers a holding company membership option, which is just \$2,550 and provides membership for all affiliated organizations and all locations. We also have a small company membership for sole proprietors at just \$500.

If you have any questions as you process your dues payment please contact Sheila White-Smith, 984.244.7041, ssmith@iasa.org.

THANK YOU for being a part of the IASA community.

Best regards,

Rod Travers
Executive Director
